Our products stands for quality - and that applies to the people who work for us as much as our motorhomes. However, if you can share our vision, have a desire to understand our business, and can show us you have the commitment and skill we are looking for, then that is all that matters. We are committed to a policy of equal opportunities - we do not just welcome a diversity of background and culture - we need that diversity to succeed.

You will find an open, friendly environment and a company that is small enough to offer you the challenge of a real accountability to deliver combined with the opportunity of a breadth of experience that is difficult to match.

If you are interested at working for a highly dynamic and modern company please sent your CV to [personnel@motorhome-world.com](mailto:personnel@motorhome-world.com) or fax 021 577 3864
